# EMERGENCY PLAN

The Santa Ynez Valley Presbyterian Preschool wants to take every precaution to give your child the best possible care. Therefore, a disaster plan will go into effect if there is a fire, earthquake, flood, nuclear accident, explosion or chemical accident or spill.

Each child must have an emergency plan form on file at the school for staff information. Parents should keep information on these cards current. In case of disaster, your child will be kept at school or, if there is a need, be relocated on the grounds either in the multi-purpose room or the church sanctuary. If needed, Ballard School is our alternate site. Each child will be released only to the parent or emergency contact listed on the form. In case of medical emergency, the hospital or your physician will be contacted as well as the parent or emergency contact listed for the child.

The school director will contact all emergency agencies to insure your child has immediate help. All staff will focus on keeping each child calm, comforted and cared for until he/she is released to the parent.

I hereby grant permission for the Director or Acting Director to take whatever steps that may be necessary to obtain emergency medical if warranted. These steps may include, but are not limited to, the following:

1. Attempt to contact a parent or guardian.
2. Attempt to contact the child's physician.
3. Attempt to contact a parent through any of the persons listed on the emergency information for you provided.
4. If we cannot contact a parent or the child's physician, we will do any of the following:
  - a) Call another physician.
  - b) Call an ambulance.
  - c) Have your child taken to an emergency room in a hospital in the company of a staff member.
5. Any expense incurred under the above will be borne by the child's family.

## EMERGENCY TEXTING SYSTEM

Dear Parents,

At SYVPPS, we have an emergency texting system in place called Call Multiplier. We only will use this system in the event of an emergency situation (sudden school closing, fires, lockdowns, etc.). You may add up to four (4) emergency contacts in our system for each student. Please let your family/friends know that you have placed them on this list so that they don't think it is spam if they receive a text. Please turn this paper into your teacher or to the office asap. **PLEASE PRINT CLEARLY!** Thanks!

Dear Parent or Guardian,

The Healthy Schools Act of 2000 requires that all child care centers provide parents or guardians of students with annual written notification of expected pesticide use at the center. The notification will identify the active ingredient or ingredients in each pesticide product and will include the Internet address (<http://www.cdpr.ca.gov>) for further information on pesticides and their alternatives.

Parents or guardians may request prior notification of individual pesticide applications at the center. People listed on this registry will be notified at least 72 hours before pesticides are applied. If you would like to be notified every time we apply a pesticide, please complete and return the form below

If you have any questions, please contact Santa Ynez Valley  
Presbyterian preschool  
1825 Alamo Pintado Rd.  
Solvang, Ca 93463

Sincerely,

*Rhonda Isaac*

- **Filter your water**  
Consider using a water filter certified to remove lead.

**WARNING!** Some water crocks have lead. Do not give a child water from a water crock unless you know the crock does not have lead.

(\*Water saving tip: Collect your running water and use it to water plants not intended for eating.)

- For information on testing your water for lead, visit the Environmental Protection Agency at their [website](#) or call (800) 426-4791. You can also visit the California Department of Public Health's website at [www.cdph.ca.gov](http://www.cdph.ca.gov).

## POTENTIAL SOURCES OF LEAD

---

- Old paint, especially if it is chipped or peeling or if the home has been recently repaired or remodeled
- House dust
- Soil
- Some imported dishes, pots and water crocks. Some older dishware, especially if it is cracked, chipped, or worn
- Work clothes and shoes worn if working with lead
- Some food, candies and spices from other countries
- Some jewelry, toys, and other consumer products
- Some traditional home remedies and traditional make-up
- Lead fishing weights and lead bullets
- Water, especially if plumbing materials contain lead

## SYMPTOMS OF LEAD EXPOSURE

---

Most children who have lead poisoning do not look or act sick. Symptoms, if any, may be confused with common childhood complaints such as

stomachache, crankiness, headaches, or loss of appetite.

A blood lead test is free if you have Medi-Cal or if you are in the Child Health and Disability Prevention Program (CHDP). Children on Medi-Cal, CHDP, Head Start, WIC, or at risk for lead poisoning, should be tested at age 1 and 2. Health insurance plans also will pay for this test. Ask your child's doctor about blood lead testing.

For more information, go to the California Childhood Lead Poisoning Prevention Branch's [website](#), or call them at (510) 620-5600.

The information and images found on this publication are adapted from the California Department of Public Health Childhood Lead Poisoning Prevention Program.

## EFFECTS OF LEAD EXPOSURE

Children 1-6 years old are the most at risk for lead poisoning.

- Lead poisoning can harm a child's nervous system and brain when they are still forming, causing learning and behavior problems that may last a lifetime.
- Lead can lead to a low blood count (anemia).
- Even small amounts of lead in the body can make it hard for children to learn, pay attention, and succeed in school.
- Higher amounts of lead exposure can damage the nervous system, kidneys, and other major organs. Very high exposure can lead to seizures or death.

## LEAD POISONING FACTS

- Buildup of lead in the body is referred to as lead poisoning.
- Lead is a naturally occurring metal that has been used in many products and is harmful to the human body.
- There is no known safe level of lead in the body.
- Small amounts of lead in the body can cause lifelong learning and behavior problems.
- Lead poisoning is one of the most common environmental illnesses in California children.
- The United States has taken many steps to remove sources of lead, but lead is still around us.

### IN THE US:

- Lead in house paint was severely reduced in 1978.
- Lead solder in food cans was banned in the 1980s.
- Lead in gasoline was removed in the early 1990s.

## LEAD IN TAP WATER

The only way to know if tap water has lead is to have it tested.

Tap water is more likely to have lead if:

- Plumbing materials, including fixtures, solder (used for joining metals), or service lines have lead in them.
- Water does not come from a public water system (e.g., a private well).

To reduce any potential exposure to lead in tap water:

- **Flush the pipes in your home**  
Let water run at least 30 seconds before using it for cooking, drinking, or baby formula (if used). If water has not been used for 6 hours or longer, let water run until it feels cold (1 to 5 minutes.)\*
- **Use only cold tap water for cooking, drinking, or baby formula (if used)**  
If water needs to be heated, use cold water and heat on stove or in microwave.
- **Care for your plumbing**  
Lead solder should not be used for plumbing work. Periodically remove faucet strainers and run water for 3-5 minutes.\*

## **2023-2024 Extended Care Options**

**Early Care:** Early Care is a drop-in program and can be used as needed with no reservation. You can drop your child off in the Early Care room anytime between **7:30 am and 8:50 am** on days that you need the extra care in the morning. The charge is **\$4.00 per ½ hour**.

### **Pre-enrolled Afternoon Care**

**Bear Care:** This program is a contracted service, and you must be enrolled a minimum of two days per week. It is billed with your regular preschool tuition each month. We have two pick-up options:  
**12:00-4:00pm is \$30.00/day; 12:00pm-5:30pm is \$39.00/day.**  
You need to send a lunch for your child to eat during this time. This program provides a structured afternoon with lunch, story time, playground, nap/rest, snack, learning centers, art, and indoor free play.

**\*There are no credits or refunds issued for this program for any reason. A two-week notice is required to change or drop days.**

### **Additional Prearranged Care**

We do have a **drop-in** option available for **Bear Care** if there is space available. The drop-in rate is \$39.00/day and will be billed on your following months tuition invoice. This is based on availability in the Bear Care program on the day requested.

**Extended Care** is also available at lunch 12:00 – 1:00 pm @ \$10.00 per day and will be included on the following months tuition invoice.
